Subject: Milestone definitions

I understand that Dave is distributing the updated schedules to you all this afternoon. As we discussed on Wednesday, we need to define our milestones for the Gantt chart Ken shows Rick's staff. Please take a few minutes to put some words, caveats, etc. around each of those milestones in your respective areas. I would like to give these definitions to Ken when he gets the update on Thursday, so if you could send them to Dave no later than the end of the day on **Wednesday, January 29**, I would appreciate it--Thanks!

Gerry
